

MINI CONTROL UNIT BBX

UNLOCK THE DOOR WITH THE APP

The user or administrator can unlock/open the door with the APP.

- 1 — By clicking on the field "Touch to open" the door will unlock.

RESET THE DEVICE WITH THE APP

- 2 — **BY CLICKING ON THE FIELD "FACTORY RESET"** all fingerprints stored in the memory, including administrator fingers, will be erased and the device will be reset to factory settings. **Connection with the mobile phones/devices will be lost.** After this operation, mobile phone must be paired first.
